1 Safety

1.1 Safety precautions

WARNING!
Medium risk: Indicates a potentially hazardous situation.
If not avoided, this could result in minor or moderate bodily injury.

CAUTION!
Low risk: Indicates a potentially hazardous situation.
If not avoided, this could result in property damage or risk of damage to the unit.

1.2 Important safety instructions

Read, follow, and retain for future reference all of the following safety instructions. Heed all warnings on the unit and in the operating instructions before operating the unit.

1. **Safety check -** Safety checks should be performed upon completion of service or repairs to the unit to ensure proper operating condition.
2. **Installation -** Install in accordance with the manufacturer's instructions and in accordance with applicable local codes.
3. **Attachments, changes or modifications -** Only use attachments/accessories specified by the manufacturer. Any change or modification of the equipment, not expressly approved by Bosch, could void the warranty or, in the case of an authorization agreement, authority to operate the equipment.

1.3 Important notices

Disposal - Your Bosch product was developed and manufactured with high-quality material and components that can be recycled and reused. This symbol means that electronic and electrical appliances, which have reached the end of their working life, must be collected and disposed of separately from household waste material. Separate collecting systems are usually in place for disused electronic and electrical products. Please dispose of these units at an environmentally compatible recycling facility, per *European Directive 2002/96/EC*.

Environmental statement - Bosch has a strong commitment towards the environment. This unit has been designed to respect the environment as much as possible.

WARNING!
For a secure installation use stainless steel or zinc plated fasteners.

CAUTION!
If these mounts are used outdoors ensure that the equipment they are used with is also suitable for outdoor use.

More information
For more information please contact the nearest Bosch Security Systems location or visit *www.boschsecurity.com*

2 Unpacking

Unpack carefully and handle the equipment with care. The packaging contains:

– Wall Mount VDA-832FHD-WMT, or

  Pipe Mount VDA-832FHD-PMT

– Teflon tape
– Anti-seize grease

If equipment has been damaged during shipment, repack it in the original packaging and notify the shipping agent or supplier.The shipping carton is the safest container to transport the unit. Save it for possible future use.

3 Installation

This installation should be made by qualified service personnel and conform to the National Electrical Code and applicable local codes.

3.1 Installing the Wall Mount

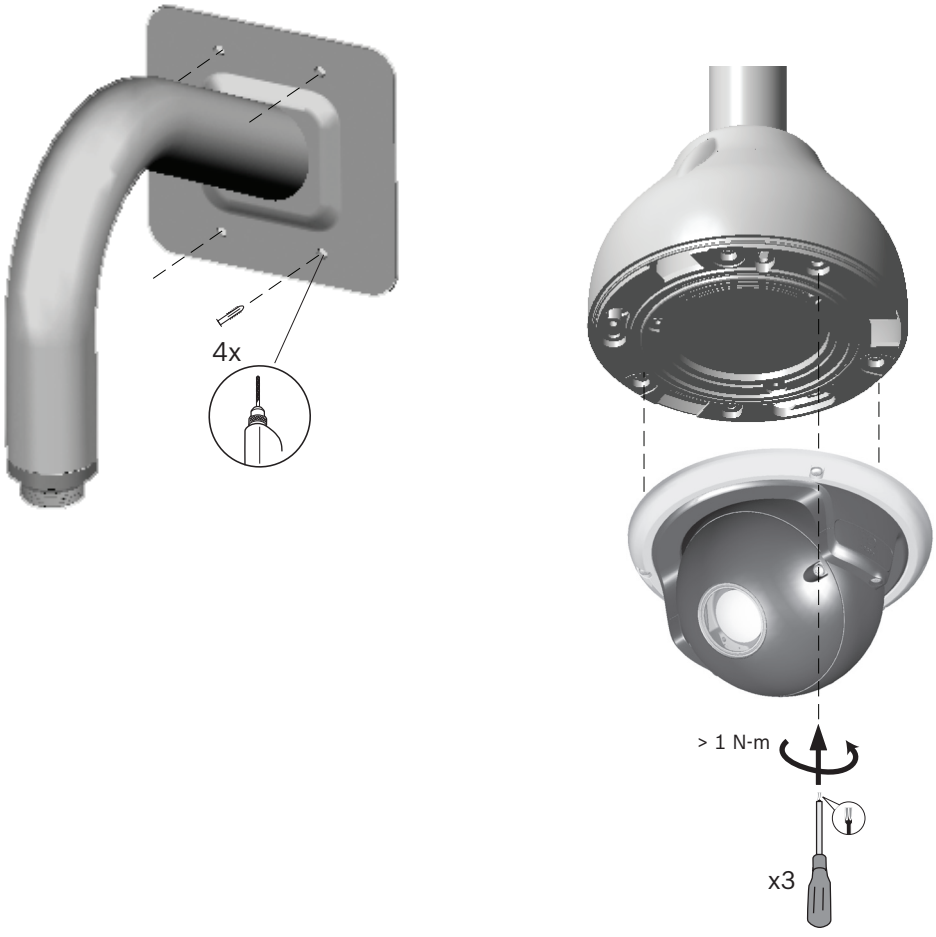

Figure 3.1 Wall Mount installation

1. Determine location for wall mount.
2. Use mount as a template to mark the location of holes on wall.
3. Drill four holes for anchors and install anchors into wall.
4. Drill a central hole between these four holes to feed through the wires.
5. Screw the cap onto the wall mount.
6. Feed the wires through the tube.
7. Attach the mount to the wall.
8. Connect all wires to camera.
9. Pull any excess wires back into mount tube.
10. Attach the camera to the mount with the three screws in the camera fixing ring (maximum torque 1 Nm).

3.2 Installing the Pipe Mount

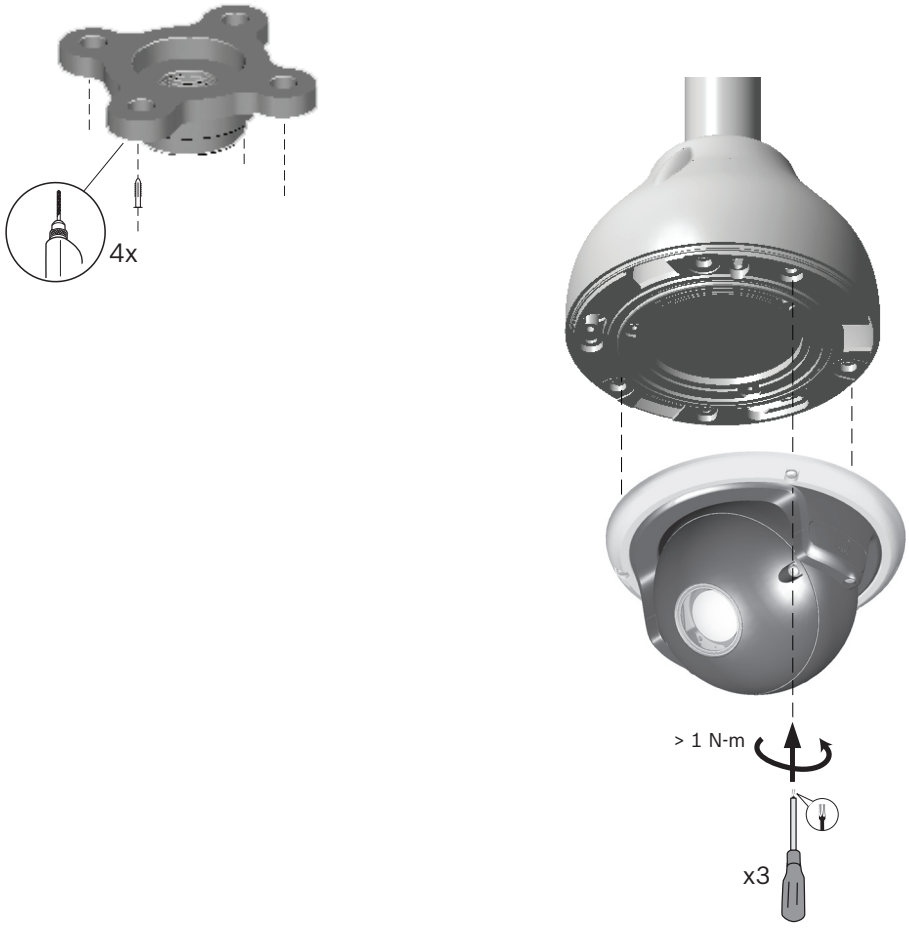

Figure 3.2 Pendant Pipe Mount installation

1. Determine the location for the pipe mount.
2. Use the four holes in the flange as a template to mark the drill holes in the ceiling.
3. Drill the four holes for anchors and install anchors into ceiling.
4. Drill a central hole between these four holes to feed through the wires.
5. Use this hole to feed wires through mount.
6. Select the pipe length you want and assemble the flange to the pipe and the pipe to the cap.
7. Feed the wires through the tube.
8. Attach the pipe mount to the ceiling.
9. Connect all wires to camera.
10. Pull any excess wire back into mount tube.
11. Attach the camera to the mount with the three screws in the camera fixing ring (maximum torque 1 Nm).

4 Dimensions

The following illustrations show the dimensions for the wall and pipe mounts.
